On Saturday evening at seven o'clock,
To Adams' store our set will flock.
The purpose of this you're eager to find,
It's only a party, the surprising kind.

To what place shall we go is the next thing to learn,
Towards the home of "Steele's," our steps we shall turn,
As hungry as dogs, we're liable to be,
So stir up some sugar, or shake the fruit tree.

At the named hour quite a crowd had assembled at the appointed place and with fruit and candy in abundance, went immediately to the home of Mr. and Mrs. L. F. Steele on Main street. Mr. and Mrs. Steele seemed very much surprised, but gave their guests a very warm reception. TOO DANGEROUS TO OVERLOOK

Stanford People Will Do Well To Heed The Warning

To have good health, the digestion, heart, lungs and kidneys must work perfectly. When there is anything wrong with the digestion, heart or lungs, a very noticeable pain or distress gives prompt warning. Kidney trouble is more easily overlooked, however, and too often gains a long start. But kidney trouble does give early signs, and backache, headaches, dizzy spells, rheumatic pains, too frequent, scanty or painful urination should not be neglected. When these warnings appear, use Doan's Kidney Pills, the reliable, successful, strongly recommended kidney remedy. Assist the medicine by taking things easier, reducing the diet and the use of liquors. A severe attack of kidney disease may be avoided. Doan's Kidney Pills have won the grateful praise of Stanford people. Read this Stanford resident's endorsement.

W. A. Brent, farmer, R. F. D. No. 2, Stanford, says: "I have used Doan's Kidney Pills and know they are a good medicine. My kidneys were weak and inactive and I had soreness and dull pains across my back. My kidneys acted irregularly, also. Doan's Kidney Pills soon put my kidneys in good shape."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brent had. Foster-Milburn Co., Props., Buffalo, N. Y. 20-1

BROTHERS FREEZE TO DEATH

The eldest was found in a woods, one mile from home; the other half a mile from home, near the bank of a creek. Both were in town Monday and started home late in the afternoon. They were in a state of intoxication and it is believed that they froze to death.

SPRING COLDS ARE DANGEROUS

Sudden changes of temperature and underwear bring spring colds with stuffed up head, sore throat and general cold symptoms. A dose of Dr. King's New Discovery is sure relief. This happy combination of antiseptic balsam clears the head, soothes the irritated membranes and what might have been a lingering cold is broken up. Don't stop treatment when relief is first felt as a half cured cold is dangerous. Take Dr. King's New Discovery till your cold is gone. At all druggists.

When the Dramatic Club invited their friends to see them at last fall, much ability was shown at this first appearance. Now they are bordering on the professional and much of the work is very artistic. See them March 14th. 20-1

CITY COUNCIL MEETING

At an adjourned meeting of the city council last night permit was granted W. W. Withers for the building of a frame residence on Logan avenue. The building, we are informed, will be modern and commodious. Mrs. Annie Derr was granted permission to erect an awning for her store on East Main street and W. H. Brady was given a similar permit. J. W. Acey asked for permission to build an oil tank in front of his drug store, which was granted. The clerk and city attorney were ordered to notify Mrs. E. R. Hutchings that the awning of the Myers House does not meet with the requirements of the town's ordinance. Besides being at least eight feet above the street, they must be so built that water will not fall on the pavement. The Myers House awning is far enough from the pavement but does not extend far enough to meet the other requirements.

PRATISE FOR REV. MAHONEY.

We note in the LaPorte News, a lengthy letter from Rev. A. H. McKee, pastor of the Baptist church at Park Rapids, praising the work of Mr. Mahoney at LaPorte. The occasion for the letter was a revival service recently closed at LaPorte, which Mr. Mahoney was instrumental in making a great success. In closing his letter Mr. McKee says—"Mr. Mahoney, the pastor is a southern gentleman, scholar and preacher of the 'old time religion.' He gets close to the people with his genial manner, his refinement of character and his warm heart. LaPorte is to be congratulated on having him in their midst."—Long Prairie, Minn., Ledger.

"THE CRISIS" GREAT PICTURE

"The Crisis," shown at the opera house Wednesday night, was one of the best pictures ever seen here, and Manager C. GOLD MINE FOR PAPER

E. C. Walton and J. H. Wright have exchanged a gold mine for Shelton Sautley's county-seat paper, the Interior-Journal. The paper is a good one and we do not blame Walton for he could not live free in any other atmosphere. Long live his virile pen.—Casey County News.

PRISONERS TAKEN AWAY

The five men convicted at the February term of court, which came to an end Thursday, were taken to their places of confinement that morning by Deputy Sheriffs W. S. Drye and Francis Weatherford and Will Logan, as guard. They were John Baker, given a life sentence for the killing of Lorenzo D. King, John Engleman, colored, convicted of striking Mitchell Dotson on the head with a blunt instrument, crushing his skull and rendering his mind a blank, four years and 360 days—the limit—and Tom Fish, the Crab Orchard negro, who caught a three to five-year sentence for cutting his wife and mother-in-law. They were taken to the Reformatory at Frankfort, and Leonard Fish and Jim Norris, both colored, were taken to the Reformatory School at Greendale. The former was given a year for circulating obscene pictures and the latter two to five years for stealing clothes from L. L. Sanders, of Crab Orchard. LODGED 70 OIL LEASES

A representative of the Daniel Boone Oil Co., an organization composed of Pittsburgh, Pa., capitalists, lodged with County Court Clerk G. B. Cooper a few days ago seventy oil leases on lands in the Southern end of this county. Most of them were taken, we are informed, by our old friend, Monroe Thompson, who is rapidly becoming one of the big bugs in the oil business. As the re-ordering of ten leases is a big day's work, it will be seen that our genial county clerk has enough work on hand for a week or more, at least.

That Lincoln county will have one sure enough scrap in the August primary is certain since Will S. Burch, the present County Attorney, has become a candidate for re-election and the Democratic renomination. His opponent is Judge John Sam Owsley, another game fighter, and the contest between these two will attract attention wherever they are known.—Louisville Times.

The defendants in the first indictment are charged with participating in a combination among selling agencies and producers of 22,000,000 out of 35,000,000 tons of coal produced annually in certain districts of West Virginia, arbitrarily to fix prices at which this coal is marketed.

The defendants in the second indictment are charged with combining, through nine mining companies producing 3,000,000 tons of such coal, and with a selling agent, arbitrarily to fix prices and to pool the proceeds of the sale of the coal.

Simple Laxative Remedy Best For Constipation

DR. CALDWELL'S SYRUP PEPSIN GAVE SATISFACTION WHEN NOTHING ELSE WOULD

James Ash

Nearly every one, at one time or another suffers from constipation, or inactive bowels, and one of the few conclusions upon which the doctors agree is that regularity of the bowels is an essential to good health.

In the family medicine chest of most well-ordered households will be found one or more of the various remedies recommended for the relief of constipation. In the majority of homes today the combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin is recognized as the standard laxative. Druggists everywhere report a constantly increasing demand for this splendid remedy which is sold for fifty cents a bottle.

Mr. James Ash, 102 Green St., Cumberland, Md., wrote to Dr. Caldwell that he found Dr. Caldwell's Syrup Pepsin the most effective remedy for constipation he had ever used and that he always keeps a bottle of it on hand for use when necessary.

Dr. Caldwell's Syrup Pepsin is a

mild laxative, and does not gripe or strain, but acts gently and brings relief in an easy, natural manner. Its freedom from opiates or narcotic drugs makes it the ideal family laxative.

To avoid imitations and ineffective substitutes be sure you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

TO THE FARMERS OF KENTUCKY

After an earnest and careful investigation in this State relative to the high cost of food products—the necessities of life—the basic cause can be placed upon the fact that the farmers of Kentucky during 1916 failed to plant and produce a sufficient amount of food products, not alone to supply the local demand but an inadequate amount for their own family consumption, and are today buyers in the open market for such. The citizens of the cities and towns are not expected and cannot plant and produce these necessities, thus relying upon the farmers, and when both country and city people become competitive buyers in the open market for these products, it is no wonder that prices soar to the present unreasonable proportions. The first duty the farmer owes to his family is the production of a sufficient amount of food products to sustain and feed the members of that household. This being done they are independent. Then conserve the products at hand. At this time there are many efforts being put forth to teach the need and advantage of conservation of home products. It is done through organized work, through bulletins and through teaching and fortunate is the farmer who has learned this lesson of "production and conservation." In this way he will be surprised to find to what an extent this larger production and caring for the surplus product will mean in money in his pocket and sustenance to his fellow beings.

It is for this reason that I call upon the farmers of Kentucky to materially increase their planting, this year, so that a surplus may accrue which when placed upon the market will reduce the extremely high cost of living and drive penury and want from the many hungry starving families of this Commonwealth.

Sincerely,
MAT S. COHEN,
Commissioner of Agriculture.

DRY BILLS SIGNED

Just before Congress adjourned the President signed the District of Columbia prohibition bill, and a short time before the Senate approved the joint resolution extending the effective date of the "bone dry" anti-advertisement amendments to the post office appropriations bill until July 1 next. These acts completed a remarkable program of prohibition legislation for the session.

NOT IN "COMPLICITY"

Senators Vardaman, Democrat, of Mississippi, and Kenyon, Republican, of Iowa, two of the twelve Senators who did not sign the Senate manifesto in favor of the armed neutrality bill and who were included in the group referred to by President Wilson as a "little group of wilful men," who had rendered the country "helpless and contemptible" before the world, explained to the Senate that they had not been in complicity to prevent a vote on the bill.

Senator Williams, replying particularly to his colleague, declared emphatically that President Wilson was right in his criticism of a few Senators who made legislation by an overwhelming majority impossible in the Nation's crisis, and that whatever might have been their motive they and not Congress were responsible for the United States being "helpless and contemptible" before the world.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. Don't stay stuffed-up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute. 20-1

TURKEYS ARE HIGH

Just before Christmas a gentleman residing in Union precinct borrowed a fat turkey hen from his colored tenant for a holiday dinner, agreeing to furnish him another hen in the spring, and now the borrower is scouring the country in his efforts to secure at a reasonable price a turkey hen with which to make good his promise. He attended the Shinkle sale last Saturday, where he saw a turkey hen bring \$10.75 and he returned home hoping to be able to compromise the matter and prevent breaking off diplomatic relations with the tenant. If you desire further information address Warren Lassing, at Union, inclosing a two-cent stamp.

Should open hostilities be declared between the United States and any other nation, the government would have at hand ready for instant duty a force of more than 21,000 physicians and surgeons thoroughly equipped for medical reserve work.

Rheumatism Should Be Nipped In The Bud

Rheumatism in its early stages may delude you by believing that it is a disease of a local and temporary nature. A slight numbness of the joints and pains in the joints or back, there may be no outward indications of it, but if you do not heed these warnings, or if you rely upon liniments to cure you, it will grow rapidly worse until you have Rheumatism in its most violent form. These symptoms, mild in the beginning but growing steadily worse, indicate that your blood is impregnated with Uric Acid, which, if not removed, will contaminate your system. The result is pains in the joints, chronic stomach trouble, and a general condition, which can be accomplished by taking S. S. S., the unfailing remedy for rheumatic troubles. WOMEN OF KENTUCKY.

Newport, Ky.—"I have had a very good experience with 'Favorite Prescription.' I was dragged out and so severely sick with female trouble that I was down in bed and had to give up all work. I did not get any strength from anything. Then I read of what Dr. Pierce's Favorite Prescription was doing for others and my husband procured two bottles of 'Prescription' at the drug store. I got stronger at once and the use of two bottles brought me up from my sick bed and put me on my feet. I have had no return of the trouble since. This was some ten years ago."—Mrs. NANCY SANDERS, 338 Central Ave.

Thousands of women right here in Kentucky who are now blessed with robust health cannot understand why thousands of other women continue to worry and suffer from ailments peculiar to women when they can obtain for a trifling sum Dr. Pierce's Favorite Prescription, which will surely and quickly banish all pain, distress and misery and restore the womanly functions to perfect health.

Young mothers who preserve the charms of face and figure in spite of an increasing family and the care of growing children are always to be envied. Doctor Pierce's Favorite Prescription gives the strength and health upon which happy motherhood depends. It practically does away with the pains of maternity. It enables the mother to nourish the infant life depending on her, and enjoy the hourly happiness of watching the development of a perfectly healthy child.

Sick headache, biliousness, costiveness, and all derangements of the liver, stomach and bowels are relieved, prevented, by Dr. Pierce's Pleasant Pellets.

LET US HAVE CLOTURE RULE

It is remarkable, and has been shown discreditable, that any law making body, where Democracy rules by reason of its majority, should be without a rule to close debate, thereby giving one man or a handful of men the power to prevent a vote and practically to control legislation. The United States Senate, which poses as the most deliberative body on earth, without a cloture or closing rule, placed itself, in the ridiculous and contemptible attitude of permitting the disgusting LaFollette, aided and abetted by the traitorous Stone, a Democrat in name and a traitor in practice, to give the Senate the right to take their means of assailing the freedom of the seas. It was a spectacle that carried horror and disgust to patriotic Americans, who think that the president could have asked nothing less and that he ought to have demanded more in order to cope with the nation that has placed so many indignities upon us, without cause or excuse. True 77 senators, 30 of them Republican, signed a manifesto that they were for giving the president all he asked for, thereby helping with moral effect, but changing little the practical affect with the Imperial government, which recognizes that the president's hands are tied.

President Wilson would call the new congress into session, but says it is useless to do so as long as "a little group of wilful men, representing no opinion but their own, can render a great government helpless and contemptible." The senate now in executive session has the opportunity to abolish a rule that permits the majority to be enslaved and the American people are hoping, yea demanding that it put an end to such an anachronous state of affairs.

Breathes there a man with soul so dead who can read the President's inaugural address and not have his heart swell with gratitude that God raised up such a man to direct the affairs of this nation at one of the most critical periods in its history. Every words shows the thorough consecration of the man to his patriotic duty and proves him the patriot and a statesman that the country did itself honor in decreeing he should for a second term preside over its destinies. We are one of that vast majority that is willing to leave everything to him, satisfied that if it is possible he will still continue to keep us out of war with credit and honor. He is striving with all the earnestness of sorely tried soul to keep this country from being engulfed in the cruel and terrible world conflict but if he finds that he cannot and hostilities have to be declared the people will stand behind him in a manner that will make the LaFollette, the Stones and the rest of the filthy dozen hang their heads in shame. In his present efforts the country feels in no humor to read criticisms of him and those egotistic and hairbrained editors who essay to do so only advertise their assnity.

In speaking of how Senator Works, of California, misrepresented his state in his votes and acts against this country maintaining its rights from the encroachments of Germany, the Los Angeles Times denounces him and adds that "it hopes he will not return to his home in that city but go to Germany or hell, preferably the latter now that his term of misrepresentation is at an end." This is

rather plain language, but it is deserved and if Missouri will make Stone take one or the other points of the dilemma, Mississippi do likewise for Vardeman, New York for O'Gorman, Oregon for Lane and Arkansas for Kirby it will show to the country with what detestation these traitors, who voted with the seceders, against the armed neutrality proposition of President Wilson that loyalty to the government and patriotism still animates their citizenry that have been so shamelessly misrepresented by their unfaithful servants.

We are hoping for the best and fearing the worst from the extraordinary session of the legislature. It has been in session nearly a month now and very little has been done towards improving our archaic revenue laws. Considering the results of the body when in session before, it seems almost hoping against hope to expect any good thing of it. Already 35 bills have been introduced, including the worn-out proposition to tax bachelors, with which those lacking in originality hope to get in the limelight for a season. The pestiferous Harvey, too, is again in action, but the way he was squelched ought to teach him a lesson on the reason the legislature was called together again.

Gov. Hatfield, the retiring governor of West Virginia, pardoned 65 persons serving sentences in the State prison, including 16 convicted of first degree murder, during the closing hours of his administration. Eight other persons convicted of murder in a less degree were granted pardons. He had previously during his four year term pardoned forty-one life term convicts and had shown clemency to a total of 174 persons in the State prison and 232 prisoners in the various county jails. Gov. Hatfield must have been trying to break the record established by Gov. Luke P. Blackburn of Kentucky, gone but not forgotten.

That old war horse of democracy, Capt. Sam M. Boone, formerly of Somerset but for several years a resident of Winchester, has withdrawn

from the race for Representative of Clark county. In his card of withdrawal he says: "I thank one and all who promised to support me in the primary. To those who have opposed me I hope the good Lord will have mercy upon their proud souls." Strikes us that both the democratic party and the good county of Clark are losers by Capt. Boone's retirement from the race.

Senator Cummins, one of the twelve men who failed to sign the Senate manifesto favoring passage of the armed neutrality bill, declared in the Senate that "any man in the Senate or out of it, of high or low degree," who said he conspired to defeat that bill "deliberately falsified."

Morris Lunsford and Miss May Daily, both of Danville, surprised their many friends Tuesday by going to Covington where they were united in marriage.

Corns Peel Right Off With "Gets-It"

2 Drops, and the Corn is a "Goner!"

When you've got to walk on the sides of your shoe to get away from those awful corn-pains, there's only one common-sense thing to do.

There's no other corn-remover in the world that acts like "Gets-It."

No new discovery has been made in corn-removers since "Gets-It" was born. Don't forget that fact. "Gets-It" does away forever with the use of salves that irritate, bandages that make a bundle of your toe, plasters that half do the work, knives and scissors that draw blood. Use "Gets-It"—no more digging or cutting.

"Gets-It" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy by The Lincoln Pharmacy and The Penny Drug Store.

Saves Eggs

Royal Baking Powder makes it possible to produce appetizing and wholesome cakes, muffins, cornbread, etc., with fewer eggs than are usually required.

In many recipes the number of eggs may be reduced and excellent results obtained by adding an additional quantity of Royal Baking Powder, about a teaspoon, for each egg omitted. The following tested recipe is a practical illustration:

SPONGE CAKE

1 cup sugar
1/2 cup water
3 eggs
2 teaspoons Royal Baking Powder
1 cup flour
1 teaspoon salt
1/2 cup cold water
1 teaspoon flavoring

DIRECTIONS:—Boil sugar and water until syrup spins a thread and add to the stiffly beaten whites of eggs, beating until the mixture is cold. Sift together three times the flour, salt and baking powder; beat yolks of eggs until thick; add a little at a time flour mixture and egg yolks alternately to white of egg mixture, stirring after each addition. Add 1/2 cup cold water and flavoring. Mix lightly and bake in moderate oven one hour.

The old method called for 6 eggs and no baking powder

WOMAN COULD HARDLY STAND

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Fulton, N. Y. — "Why will women pay out their money for treatment and receive no benefit, when so many have proved that Lydia E. Pinkham's Vegetable Compound will make them well? For over a year I suffered so from female weakness I could hardly stand and was afraid to go on the street alone. Doctors said medicines were useless and only an operation would help me, but Lydia E. Pinkham's Vegetable Compound has proved it otherwise. I am now perfectly well and can do any kind of work." — Mrs. NELLIE PHILIPS, care of R. A. Rider, R.F.D. No. 5, Fulton, N. Y.

We wish every woman who suffers from female troubles, nervousness, headache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound. If you have had symptoms and do not understand the cause, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free.

"UNCLE BILL'S" BLESSING

The Interior-Journal, which has been edited by S. M. Saufley, one of the best newspaper men in the State, for years has been sold to E. C. Walton and J. H. Wright. The plant brought \$25,000, and is one of the best equipped in Kentucky. This is the highest price ever paid for a country paper in this section, but when you take into consideration the amount of business the Interior-Journal is doing, the price is none too high. This is where Ed Walton first saw the light of day in a print shop—and we are glad that he is "Back Home," and trust that he will be satisfied. Mr. Walton has bought more papers than any six men in his native State, and years ago the writer "stuck type" alongside of him in this same office. Mr. Walton is a thorough newspaper man, and will make things hum in his "Old Home Town." Mr. Wright, we do not know, but we are satisfied that he will make good. Here's to you, boys, and we will watch for the paper each issue, knowing that we will get the cream of all the news from your section.—Somerset News.

Austria's reply to the United States Government's request for information as to Austria's stand with regard to unrestricted submarine warfare has been received through unofficial sources. While the note says that Austria "strictly adheres to the assurance already given" and that the Austro-Hungarian Government is essentially in accord with the American Government with regard to the protection of neutrals against endangering their lives, it asserts that neutrals will have to bear all losses they suffer by entering territory where warlike operations are taking place.

COOK—LINDSAY

Not for a long time has there been a greater surprise in this community than when it was reported that Miss Lillie Pearl Cook was to be married to William A. Lindsay and go South to live. Mr. Lindsay is a member of the Western Union Telephone crew which came through Highland in December. The crew boarded at C. M. Young's and this was where Miss Cook met Mr. Lindsay. It seemed to be a case of love at first sight and although the crew moved on toward Somerset Mr. Lindsay was a regular Sunday visitor at Highland in spite of the deep snow and cold weather. After deciding to go back to his farm to work at once, he persuaded her to marry now instead of later as had been planned. They were married by Rev. L. R. Godbey, pastor of Methodist church at King's Mountain and left immediately for Birmingham, Ala. They were accompanied to the train by the friends who had shared the secret of their wedding. Miss Cook is the oldest daughter of H. S. Cook, her mother having died two years ago, she and her brother had made their home with their grandmother Cook. She will be 18 years old in June. She is beautiful and as attractive and popular as beautiful. Being of a jovial disposition she is liked by all and it can truthfully be said that she numbered her friends by her acquaintances. She was a teacher in the M. E. Sunday School, where she will be missed so much, for the weather never got too bad for her to attend her church work. It is sincerely hoped that she will continue this good work in her new home. While the whole community has been made sad by her absence she has the best wishes of all for a happy and useful life in her new home. Mr. Lindsay lives on a farm a few miles from Birmingham, where they went to housekeeping a few days after arriving there. Mrs. Lindsay writes back that she likes the South fine.—Her Chum.

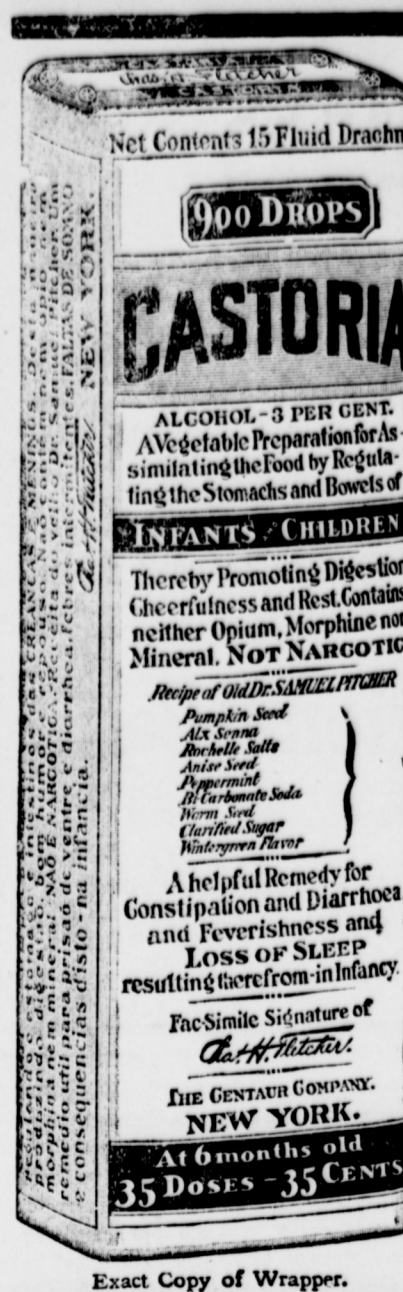

"The Kind Mother Uses"

"Every time mother gets out Calumet I know there's going to be good things to eat at our house. Delicious, tender, tempting, doughnuts, biscuits, cakes and pies! I've never seen a bakery failure with Calumet. Mother says it's the only Baking Powder that insures uniform results."

Cheap and big can Baking Powders do not save you money. Calumet does—it's pure and far superior to sour milk and soda.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

No! No! Positively No!

We Have Not Raised Our Prices

Furthermore we guarantee the same all-wool fabrics—the same excellent tailoring and the same splendid service—now as always, at the same old price—\$15.

ALL WOOL SUITS TO ORDER

No Less Than **\$15** No More Than \$20

The European War has raised the deuce in the cost of nearly every commodity. Woolens have advanced in price from 25 to 100 per cent, consequently there is a material advance in the wholesale cost of producing an all wool suit or overcoat.

The Scotch Woolen Mills who handle our tailoring business would be justified in asking of their many dealers an advance in price, but they have decided NOT to raise their prices, realizing that the tremendous increase in their present large volume of business will more than make up for the sacrifice in profit.

We are heartily in accord with the Scotch Woolen Mills policy, therefore you can come to this store and have your measure taken for a strictly all wool suit and you'll not be asked to pay a single cent more than the regular standard price—no less than \$15—no more than \$20.

"TANLAC SMILE" GREET'S FRIENDS

Old Hotel Man Tells How He Got Back Good Humor.

"TANLAC DID IT," HE SAYS

"You're sure looking good these days. Where'd you get the smile?" That's the way his friends now greet Joseph Kolb, who lives at the Sherwood Hotel in Cincinnati. Mr. Kolb

JOSEPH KOLB.

was in the hotel business in Cincinnati for 20 years and is well known all over Ohio and Kentucky.

"That's my 'Tanlac Smile' and I got it after Tanlac had built up my run-down system," is Mr. Kolb's answer.

"But I couldn't always smile this way," Mr. Kolb said. "For several years I was bothered by a dropping of mucus in my throat. It made me 'grouchy' because I couldn't get rid of it. It got on my nerves, too, and kept me awake nights.

Began Losing Weight.

"My stomach went back on me, and naturally I lost my appetite. I couldn't eat much without being sick afterwards. I suffered from bloating and belching gas after eating. I had that tired, heavy feeling, too, and it seemed as if I just had to drag myself around. When I began to cut down on my meals I started to lose weight, too, and my friends got worried about me.

"One of them suggested that I try Tanlac and I did. I am glad to say that it helped me back to health. I've got a man-sized appetite now and can eat anything I want without suffering afterwards. I don't have that heavy feeling in my stomach after meals. My food digests without any trouble and I know it is because Tanlac has fixed me up.

Glad to Praise Tanlac.

"I am glad to pass the good word along to anyone who is suffering like I did. I know Tanlac will do them some good. It sure fixed me up. That's why I'm wearing this 'Tanlac Smile'."

Tanlac is sold exclusively in Stanford at The Penny Drug Store, E. R. Coleman, Proprietor.

Tanlac can now be obtained in following nearby cities: Moreland, Adams Bros.; McKinney, True & Co.; Ellisburg, Joe McWilliams; Middleburg, W. C. Bryant; Crab Orchard, Lyne Bros.; Brodhead, John Robins; Lancaster, R. E. McRoberts; Bee Lick, J. Reynolds & Son; Waynesburg, W. A. Horton.

READY TO HELP UNCLE SAM

There are seven members of the U. C. V. in Middleboro and five of the G. A. R. The Confederate veterans are Rev. S. Owsley, B. T. Perkins, G. M. Brosheer, J. B. Haynes, Thos. Browers, J. W. Campbell and L. B. Blevins. The Union veterans are: John Cole, Jacob Sowders and three others whose names were not available. Every one is ready and willing to respond to the call of Uncle Sam and are anxious for service if needed. The Rev. Owsley, one of the Confederate veterans, is the father of Captain Estil E. Owsley, of company H, Second Kentucky Infantry, who died at Ft. Thomas, Ky., two days before his company was mustered out of the service which they had seen the Mexican border.

The Marion County Medical Society at its meeting held last week voted to make the charge for day visits \$2.00 instead of \$1.50. To charge the additional 50¢ for each mile beginning at five for country visits.

CHANGE THE SENATE RULES

The great wave of indignation that has gone over the country as the result of the defeat of the armed neutrality bill by a filibuster in the senate, should surely be the means of forcing a material modification of the rules of what is claimed to be the "greatest deliberative body of the world."

The United States senate has not been in good repute with the American people for a number of years. Not only the plutocratic element has brought it into disfavor. The election of senators by the people has rapidly diminished the number of plutocrats and representatives of plutocracy in that body in a very few years. This change in the method of electing senators has not, however, in all instances, brought into that body men of high intellectual ability. There are too many purely talking members, men who have conceived the idea that they must impart to the country their wisdom in many, many words, but whose words interest nobody but themselves. In no other deliberative body in the world, as the president says, could such men in a great international crisis talk a vital measure of public defense to death.

Some of those who talked the armed neutrality bill to death were hysterical, peace-at-any-price advocates; others were not. It is not necessary to impugn the motives of any of them, but we have reached a situation in this country when the present rules of the senate can be tolerated no longer. The new senate has many new men in it. Let us hope that this reorganized body will speedily so change the rules that the business of the country may be transacted in an orderly manner and that no one man or dozen men may hereafter be able to thwart the will of the people.—Owensboro Messenger.

GIRLS! DRAW A MOIST

CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy, Wavy And Beautiful At Once

Immediate?—Yes! Certain?—that is the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scruffy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but what really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it.

YOSEMITE

Sunday morning, Mrs. Nancy A. Bastin, aged 80 years, died after a brief illness due to complication of diseases. She had been a sufferer for 45 years previous to her death. She was a daughter of Isham Carman, and married Ed Bastin in her young womanhood. They reared a large and honorable family, most of whom are living. Her husband preceded her to the grave several years ago. She was a generous hearted neighbor and a devoted member of the Christian church. At the time of her death she was living at the home of her daughter, Mrs. Adaline Falconberry. Her remains were interred at the Humphrey burying ground Monday. We extend our sympathy to the bereaved family.

Measles are raging in this section. Ada Putteet has been ill for several days with measles which developed into pneumonia.

Mrs. Annie Carter is at Danville with her son-in-law, Mr. Kirby, who was badly burned in the wreck at Burnside last week.

The spoke factory has again resumed its work and will run for the next two or three months.

Our town is on a boom in regard to business. Four merchants are having a good trade, with from two to three clerks, each; two grist mills are going all the time. Yosemite boast of as good a Sunday school with as large attendance as any county affords.
